

# Family Activity BINGO

## IT'S IMPORTANT TO KEEP YOUR FAMILY ACTIVE

When life gives you lemons, make lemonade...especially when you have kids! Parenting can be complicated during this time of social distancing, but there are ways to make the best of any situation. We have an opportunity to make the COVID-19 crisis a fun memory for our children and to show that as a family, we can pull together and make the best of things. With that in mind, we've come up with two family **BINGO** cards — one dedicated to *physical* play activities and one dedicated to *creative* play activities.

## HOW THIS BINGO WORKS

Use the fillable PDF, or print off the cards. Complete a **BINGO** using a dauber, crayon or marker — it can be straight across, up and down or diagonal. Most squares list an activity and some squares are empty for your own ideas. Search online for examples, videos and more ideas. Set a goal of **five activities** a week. Most of all, have FUN!

## FAMILY FITNESS

B

I

N

G

O

Have a dance party

Start a hula hoop, jump rope, wall sit or balance contest

Play playground games like hopscotch, 4 Square or jump rope

Go geocaching
